INSTRUCTIONS

1. Paint the top of the plate with 2 coats of Just Blue using a fan brush. Allow the plate to dry
2. Use a pen to trace on the NCR patterns by pressing firmly while tracing over the design.
3. Fill the handles of the tools with 3 coats of either Indigo or Turquoise.
4. Fill in the metal on the tools with 3 coats of either Battleship or London Fog.
5. Add some water to Stonewash paint, 50% water to 50% paint. Use the liner brush to create a broken outline around the tools.
6. Use a detail brush to apply Indigo to the word "building" and Stonewash to the rest of the words.
7. Use a fan brush to paint 3 coats of Turquoise to the sides and back of the plate.

TIPS

- 3 coats of paint will give you a solid color.
- Don't stress about the outline, we are looking for a messy broken line.
