INSTRUCTIONS

These trees can be done in any colors.

1. Use a fan brush to paint each tree with 3 coats of your desired color. Allow the tree to dry thoroughly
2. Thin down Snowflake paint with 40% water to 60% paint.
3. Load up a liner brush with the watered-down white paint. Paint thin, broken lines following along the ridges and creases on the trees.
4. Repeat for a second layer.

TIPS

- Three generous coats will give you a solid color.
- When painting the white lines, they don't need to be perfect and even.
